This stunning home in the highly sought-after Ravenwood Subdivision truly delivers breathtaking scenery and exceptional functionality. The lower level features two comfortable bedrooms, a spacious recreation/media room, a full bathroom, and a convenient laundry area perfect for guests or flexible living space. Upstairs, enjoy an open-concept living area with expansive water and mountain views and a custom kitchen, complete with white quartz countertops, stainless steel appliances, a coffee station, a walk-in pantry. For outdoor enthusiasts, the attached heated two-car garage is a standout feature, thoughtfully designed for processing your daily catch with a large stainless steel sink workstation and modern synthetic cutting board countertops. An oversized carport surrounding two sides of the home provides abundant space for boats, vehicles, and recreational gear.
